

Greetings, Sea Hawks – 2020; what a year for Alaska and the world. Happy to report we thrived with membership and saw continued sponsorships in support of our mission; Supporting Youth Health, Wellness, and Leadership Skills through active lifestyles.

Please know YOU, our supporters, and organization members, helped us through a tough year. Even as our communities faced uncertain financial constraints, we made a difference. Implementing a more fiscally conservative approach to donations, we made meaningful impacts. Examples are fewer this year, but 2020 contributions included:
